The Imitation Game

RULES AND REGULATIONS

- A team may consist of either one member or two. However, a two members team is preferable. Each team member needs to individually register for the event.

- The event will consist of three rounds. Entry to the next subsequent round depends on the successful qualification of the previous round.

- Each round will comprise of a plot involving encrypted texts and hidden meanings. You will need to decipher the meaning and answer the questions based on it.

- No electronic gadgets except the ones provided by the coordinators such as desktops will be allowed.

- In case of a tie, the tie will be broken by the respective time taken by the individual team to correctly solve the problems.

- In case of any discrepancies, the decision of the coordinators will be final.

- The coordinators of the event possess the rights to change and modify the rules of the event at any time.

Please note that this is not a coding event and no programming knowledge is thus required. However, little knowledge of cryptography might turn out to be useful.
